

FLU VACCINATION RESOURCE

As many of you are aware, we are experiencing delays in receiving our Flu vaccine. The delay is being experienced nationwide due to the push for the production of the H1N1 vaccine.

SouthCoast Medical Group is currently out of seasonal Flu vaccine. Please continue to check our web site for about current information on Flu vaccine availability. Also, you can call our information hotline at (912) 691-3545 to obtain up-to-date information about Flu vaccine availability. Our goal is to ensure the safety of our patients, staff, and community.

For more information about the flu and prevention, please visit www.flu.gov or www.cdc.gov

Information hotline: 912-691-3545
