

H1N1 FLU VACCINATION RESOURCE

SouthCoast Medical Group Physicians are maintaining regular contact with the Chatham County Public Health Department, as the nation's flu season spreads and H1N1 flu continues.

Currently, the H1N1 vaccine is not available at SouthCoast Medical Group. Please continue to check our web site for you and your family about current information on H1N1 availability, critical resources about the H1N1 virus and the necessary precautions to prevent or limit a flu outbreak. Our goal is to ensure the safety of our patients, staff, and community.

For more information, please visit www.cdc.gov/h1n1flu/vaccination or www.flu.gov
